

The background of the entire slide is a 3D rendering of several COVID-19 virus particles. These particles are spherical with a dark, textured core and a lighter, spiky outer layer of proteins. They are scattered across the frame, with some in sharp focus and others blurred, creating a sense of depth. The overall color palette is a mix of light blues, greens, and whites, giving it a clinical and scientific appearance.

# COVID-19 INFORMATION POSTERS

We have developed a great set of posters to aid the employer in communicating the hazards of COVID-19 and what precautions should be taken to protect employees.

The COVID-19 set consist of a set of 20 posters (Laminated 10 x A4 and 10 x A3).

The cost is R 650.00 (VAT and courier cost exclusive)

To view the poster, please download our poster brochure and send an email to [info@safetech.co.za](mailto:info@safetech.co.za) to place your order. You can also order some of our other posters at the same time.
