

COVID-19 RISK ASSESSMENT

In accordance with the Department of Employment and Labour Guideline – Workplace Preparedness: Covid-19 (SARS-CoV-19 virus) current risk assessments need to be reviewed and updated, taking into account the new hazard posed by exposure to COVID-19 in the workplace.

This is in accordance with Section 8(2(d) of the OHS Act. HBA Regulation 6 also refers. This Risk Assessment Tool considers workplace strategies towards compliance for reducing the spread of infection.

The Risk Assessment Tool comprises of 100 questions and is divided into 10 categories, namely:

- Policies and controls
- Administrative functions/ offices
- Meeting Rooms
- Information, signs and notices
- Production lines/ workshops
- Site Entrance
- Kitchens/ Canteen
- Ablution facilities
- Site Clinic facilities
- Vehicles and mobile equipment

The assessor gives each question a score and then a summary score is provided to aid tracking and progress.

The client can either have Safetech conduct the risk assessment on site themselves or purchase the Risk Assessment Tool from us. Please send an email to info@safetech.co.za if you require a quotation for either an on-site Risk Assessment or if you would like to purchase the Risk Assessment Tool.
